## QUESTIONING VALIDITY OF THE GOVERNMENT

SRI S.R.BOMMAI.— I have given notice to the hon. Speaker which I would like to read it out for the information of the House.

> " Yesterday I had raised a point of order in the House questioning the legality of the Ministry headed by Sri Devaraj Urs on the legal and political moral grounds in support of the same. After a prolonged debate the Speaker ruled out my point of order. I have reliably learnt that the Governor of Karnataka has addressed a communication to Sri Devaraj Urs to produce evidence of his support of majority of members after he joined the Indian National Congress and became its President as no other member of the Karnataka Congress has joined the Indian National Congress. In view of this new circumstance, Sri Devaraj Urs and his collegues cannot function in the Government. It is for Devaraj Urs to produce evidence of the support of the members he enjoys in the Assembly till such course is adopted, the present cabinet cannot function."

As stated earlier on the floor of this House, I had met the Governor on the 19th and explained to him the Constitutional and legal position about the matter discussed in this House. Later on I have learnt that a communication has been addressed to the Chief Minister from the Governor, if so, what is the communication? I also learn that the Hon. Chief Minister had called upon the Governor in this respect and I would like to know what have been taken by him.

SRI D. DEVARAJ URS.—The hon. member is saying so many things which have not happened.
